

## **Safeguarding your personal information**

We will use technical measures to safeguard your personal data, for example:

- access to your customer account is controlled by a password and user name that are unique to you;
- we store your personal data on secure servers; and
- payment details are encrypted on the secure server

We have procedures in place to deal with any suspected data security breach. We will notify you and any applicable supervisory body of a suspected data breach where we are legally required to do so.

While we will use all reasonable efforts to keep your personal data safe, you acknowledge that the use of the internet is not entirely secure and for this reason we cannot guarantee the security or integrity of any personal data that is transferred from you or to you via the internet. If you have any particular concerns about your information, please contact us at [mfphoto@btinternet.com](mailto:mfphoto@btinternet.com).

If you want detailed information from Get Safe Online on how to protect your information and your computers and devices against fraud, identity theft, viruses and many other online problems, please visit [www.getsafeonline.org](http://www.getsafeonline.org). Get Safe Online is supported by HM Government and leading businesses.
